Patrick, Hamada.

Agenda Items

1.- Future SL conversations update

Proposal- Council meeting, open to all in the-team and regular members. Meaning if you volunteered at one JOTI or have a regular status [nick reg over 90days] you can attend and be heard.

- Conversation will be managed by a first round of statements on the current issues, this should be done one by one asking people they don't repeat others statements if they agree.
- Then a second round for responses to what they have read one per person.
- A third round to propose voting items.
- Then the vote
- The Meeting will be held at #meeting on *April 5th at 21:00UTC*
- Voting will be done by current coords plus extended votes DC's and to teams with no elected or appointed coords that at can post at least a week prior who in their team will be exercising their vote. Rest of members will be +v
- The proposed subjects to vote on will be the ones already summarized in "Open Conversation about ScoutLink – Revisited " post.

Approved

Action – Post meeting call in all platforms.

2.- Teams resources and leadership roles

Proposal – Restructure council based on proposals fully develop by may council to consider time and the vote on SL future.

Approved.

3. Elections update [undergoing elections]

a.- Appointing of Oppdageren as RC Scandinavia by council. Leffebooii as Deputy - **Approved**.

Note: Elections are still waiting for responses with electoral lists. These Countries Regions and Teams are currently without representation before council and their volunteers will be managed by upper council roles like Chair, Interims and RC's as per council rules.

4. SL platforms [Updates on Minecraft See Link]

Teamspeak – Mumble feature to be explored for future evaluation presented by Mobius
Minecraft - We continue to support MC team to make their own decision on their continuity. Council encourages the team to finish that for May Council.

IRC – No news on it.

Tech Team updates:

- IRC services working well with minor hiccups
- VH getting updates
- Discourse getting updates
- Infrastructure slowly upgrading
- Email redirects now working (as of last night)
- Will need to have a big upgrade at some point as our azure servers reef & clovehitch are on old operating system versions and need to be upgraded, but this is a big job with probably quite a bit of downtime

5. AOB

Not presented.

Meeting closed: 14:16UTC

Next Council Meeting Open April 5th – 21:00UTC
